**H**MMA's health benefits program provides a comprehensive plan for mental health care at 100% coverage through BlueCross and BlueShield of Alabama. This plan is called the "Expanded Psychiatric Services" benefit and is provided by Alabama Psychiatric Services.

Alabama Psychiatric Services offers a range of providers that includes board certified psychiatrists specializing in the treatment of children, adolescents, and adults for psychiatric and substance abuse disorders and also includes licensed therapists and registered nurses. Alabama Psychiatric Services has office locations and providers throughout Alabama.

Team Members and their eligible dependents may seek services for counseling, marriage and family therapy, and treatment for psychiatric conditions without having to pay co-pays or a deductible when services are provided by network providers. Alabama Psychiatric Services also offers outpatient services and hospitalization for the treatment of mental health and substance abuse disorders.

To access services, Team Members and dependents may call the office that is in the most convenient location. Referrals are not required. Brochures that identify office and provider locations and additional information about the "Expanded Psychiatric Services" benefit are available in the Human Resources Department. For more information call (334) 387-8115.

## HMMA Mourns Loss

*Austin Sexton*

**O**n Thursday June 15, nine-year-old Austin Sexton, son of General Assembly Group Leader Brian Sexton, passed away in a tragic car accident. Austin, a student at Eclectic Elementary, was an avid baseball player. His teachers and principal said that Austin loved life, and was a bubbly child who was always smiling. "That sounds a whole lot like his Dad," Team Member Shane Nice said. "Just ask any of the Team Members in Chassis." He is survived by his Dad, Brian; his Mom, April; and his little brother, Barrett; as well his grandparents, aunts, uncles, and cousins (and his entire HMMA family).

## Hyundai Honored with Cause Marketing Halo Award

CureSearch National Childhood Cancer Foundation, Hyundai Dealers, and Hyundai Motor America were honored on June 13 with a Cause Marketing Halo Award. Cause marketing is the strategy of building mutually beneficial alliances between companies and causes.

"Hyundai Hope On Wheels" benefiting CureSearch received the Gold Cause Marketing Halo Award for Best Cause Marketing Event at the fourth annual Cause Marketing Forum conference. "Hope on Wheels" is a 30-market tour which travels to Children's Oncology Group member institutions raising awareness of pediatric cancer and funds to support lifesaving research. Hyundai Motor America and Hyundai dealers raised \$1.5 million in contributions in 2005, enough to fund 97 clinical research positions, 500 enrollments in clinical trials and other medical investments.

"CureSearch is very proud to be associated with Hyundai Motor America and deeply grateful for the company's ongoing commitment to helping our organization reach the day when every child with cancer can be guaranteed a cure," said Paul T. Burke, President and CEO, CureSearch National Childhood Cancer Foundation. "Being recognized with a Halo Award offers CureSearch and Hyundai a platform to showcase our incredible work and shine a national spotlight on the number one disease killer of children – childhood cancer."

The competition was tough in this category of the Cause Marketing Halo Awards for a six judge panel to select "Hope on Wheels" from more than 60 entries. "The Cause Marketing Halo Awards demonstrate the good that can be done when businesses and nonprofits team up," said David Hessekiel, president of Cause Marketing Forum, Inc., the program's organizer. "It's a competition in which we all win."
